

# Fuel Tanks

FT25 and FT40

## HYDEX FT25

The HYDEX FT25 from Hydex Solutions is designed and built for reliable and economical operations transporting fuel on mining and construction sites.

- Based on Cat® 725 chassis
- 5000 US gallon capacity
- Designed for maximum visibility and lowest centre of gravity
- Hydraulically driven fuel transfer pump
- Flow meters

**Tank Capacity:** 18 900 litre / 5000 US gal

### Features

- Constructed of minimum A36 prime steel
- Flanged bulkheads welded 100% inside and outside for superior tank strength
- 24" (600 mm) sealed and vented manhole
- Access ladder with safety railings
- Fenders and mudflaps
- Light group for stop, tail, turn and ID
- Hydraulically-driven fuel transfer pump with capacity up to 120 USgpm (454 L/min)
- Two hose reels included: One (1) up to 100 USgpm with 50' of 1½" hose. (380 L/min with 15 metre of 38 mm hose.) One (1) up to 25 USgpm with 50' of ¾" hose. (95 L/min with 15 metre of 19 mm hose.)
- Pistol style grips with Wiggins Fast-Fill dispenser nozzle with automatic shut-off
- Roll over protection rails on tank top
- Ground fill connection
- Resettable meter (1) with meter line filter

## HYDEX FT40

The HYDEX FT40 from Hydex Solutions Ltd is designed and built for powerful, reliable and economical operations transporting fuel on mining and construction sites.

- Based on Cat® 740 chassis
- 8000 US gallon capacity as standard, optional 9000 US gallon capacity
- In-cab level indicator
- Stainless steel hose reel with spring rewind
- Flow meters

**Capacity (Standard):** 30 300 litre / 8000 US gal

**Capacity (Optional):** 34 000 litre / 9000 US gal

## Related Products

### Water Tanks

The Hydex WT range is a complete line of water trucks from Hydex Solutions Ltd. More than just a water tank, it's a water truck; an integrated machine designed for dust suppression on the most demanding mining, quarrying and construction sites.

### Sideboards

The Hydex side extension modification has been designed to offer increased capacity to the standard CAT® articulated truck dump body. These extensions can be used to improve your application by reducing spoil spillage when carrying a standard sized load or increasing the volumetric capacity if a lighter material is being carried.

### High Capacity Bodies

The HYDEX HCT30 is designed for hauling waste on to and around landfill sites. Based on the Cat 730 Articulated Truck chassis offering proven reliability and durability, high class performance and productivity, optimum payload, operator comfort and ease of operation.
